

Mike Ryan, Chairman
Trinity Management Council
c/o Trinity Restoration Program
P. O. Box 1300
Weaverville, CA 96093

June 23, 2003

Dear Mr. Ryan,

After reviewing written and oral staff reports and hearing public comments on the Trinity River Bridges Project, the Trinity Adaptive Management Working Group agreed without dissent on June 19 to recommend support for the Proposed Action examined in the Environmental Assessment/Draft Environmental Impact Report for the project. Sixteen TAMWG members and a representative of a seventeenth were present during the discussion and agreement.

Sincerely,

Arnold Whitridge, Chair
Trinity Adaptive Management Working Group
